## CLEAMEN 451

Volume: 1,2 kg  
6 kg

Product code: VC451010099  
VC451050099

### Product description:

Liquid agent designed for decalcifying stainless surfaces such as dishwashers, washing machines, kettles, pots, and steamers, stainless surfaces in kitchens, showers and pools. Do not use for calcite surfaces, shiny and artificial stone, shiny tiling, wood, laminate and materials not resistant to acid.

### Instruction of use:

For decalcifying dishwashers, washing machines, etc: dilute the product according to the manual with water (2 litres per average dishwasher), then turn on machine for a washing cycle with a proper rinse.

Large surfaces: Apply the gel decalcifying product in a ratio 50ml per 1litre directly onto the surface and leave to react for approx 30 minutes, then rinse and dry.

Small items: Submerge in a solution using a ratio of 50 ml per 1 litre, leave to react and use a brush or a pad to remove the layers and stains. Rinse the items with clean water several times and dry.

| dosage      | level of pollution |     |     |
|-------------|--------------------|-----|-----|
|             | •                  | ••  | ••• |
| ml/1 liter  | 50                 | 150 | 300 |
| pH of agent | 2,3                | 2,3 | 2   |

### Physical and Chemical properties:

Form: Liquid  
pH: 1  
Colour: Colourless  
Odour: characteristic

### Instruction about storage:

> 5 °C < 25 °C. Protect against freeze.

### Ingredients:

DANGER.

May be corrosive to metals. Harmful if swallowed. Causes severe skin burns and eye damage.
